**MarCom Laboratory Services Hosts Training**

Butte, Montana – MarCom Laboratory Services hosted a training session, presented by Montana Rural Systems Inc., on Thursday, April 26, 2018. The topic of the training session was "Chlorination and Alternative Disinfection Options". Led by Nick Clos and Julie Allen from Montana Rural Water Systems, and Greg Peterson, owner and president of Chemical Montana Company, the session gathered operators, managers, and first responders from across Montana.
