Indefinite Delivery, Indefinite Quantity (IDIQ) Contract Awarded from the United States Forest Service

MarCom, LLC is pleased to announce the company has been awarded an Indefinite Delivery, Indefinite Quantity (IDIQ) Contract from the United States Forest Service. Under this contract, MarCom will perform environmental and hazardous waste remediation services.

The services performed by MarCom will include, but not be limited to, emergency and incident response; nonemergency clean-up work; hazardous materials surveys; assessment, testing and abatement; and tank related services. This IDIQ contract has a one-year term from the date of the award, with up to four additional one-year renewal periods.

MarCom's core services of waste management, environmental services, radiological controls, and engineering align well with the scope of the IDIQ contract. As with all contracts, MarCom is fully committed to performing these services with the utmost confidence and knowledge and the highest caliber of qualified professionals.

MarCom, LLC is an SBA-certified Native American-owned, 8(a), and woman-owned business headquartered in Idaho Falls, Idaho, with offices in Butte, Montana and Fort Collins, Colorado. Founded in 2003, MarCom provides waste management, environmental services and sampling, engineering, nuclear operations, information technology services, SCADA, staff augmentation, and health and safety services to U.S. Department of Energy (DOE) sites as well as commercial customers across the country.
